FOR IMMEDIATE RELEASE

05/22/2009

**Dog adoptions resuming at Brevard County South Animal Shelter**

Brevard County Animal Services is happy to announce that dog adoptions at the South Animal Care & Adoption Center have resumed. Currently all adoptable dogs at this facility have tested free of the canine distemper virus.

Due to stray animals; exposure risks are still high. It is crucial for pet owners to keep their pets well vaccinated and safely confined where they won't come in contact with unvaccinated or sick animals. Please contact your local veterinarian to assure that your pets vaccinations are current.
